KISS ME, KATE

MONTE VISTA HIGH SCHOOL

April, 1974

KISS ME KATE opens with the Baltimore opening of a revival of Shakespeare's The Taming of the Shrew. The cast of the revival is on stage and receiving final instructions. In the cast with producer-actor Fred Graham are his former wife Lilli, Lois, a singer in whom he is interested, and Bill Calhoun who is Lois' interest. The irresponsible Bill informs Lois that he has signed Graham's name to a $10,000 IOU for gambling debts. She begs him to reform. Graham and Lilli patch up their differences as they reminisce nostalgically about other shows in which they have appeared together. Graham sends a bouquet to Lois which is delivered in error to Lilli. As The Taming of the Shrew gets under way Lois as Bianca and Bill as Lucentio discuss Bianca's inability to marry until her older sister has been affianced. Graham, as Petruchio arrives in search of a rich wife and although Katherine played by Lilli, states her inalterable opposition to males, Petruchio agrees to marry her even though she is not the wife of whom he has dreamed. Lilli discovers that her bouquet was intended for Lois, and threatens to leave the show. Her departure is prevented by two gangsters who have come to collect the IOU with Graham's signature. As the first act ends she is raging, both in character and in reality.

Petruchio, although just married to Katherine and beginning his tempestuous wedded life, begins to yearn for his life as a single man. Because of a sudden change in gang administration, the gangsters tear up the now worthless IOU, and Lilli prepares to walk out on the show as Graham muses on his love for her. The gangsters pause to pay a decidedly unusual tribute to Shakespeare. As the revival comes to a close Lilli unexpectedly returns and in Katherine's words expresses her intention of returning to Graham. They are reunited and Lois and Bill reach their own understanding.

kiss me kate

KISS ME, KATE

MONTE VISTA HIGH SCHOOL

April, 1974

KISS ME KATE opens with the Baltimore opening of a revival of Shakespeare's The Taming of the Shrew. The cast of the revival is on stage and receiving final instructions. In the cast with producer-actor Fred Graham are his former wife Lilli, Lois, a singer in whom he is interested, and Bill Calhoun who is Lois' interest. The irresponsible Bill informs Lois that he has signed Graham's name to a $10,000 IOU for gambling debts. She begs him to reform. Graham and Lilli patch up their differences as they reminisce nostalgically about other shows in which they have appeared together. Graham sends a bouquet to Lois which is delivered in error to Lilli. As The Taming of the Shrew gets under way Lois as Bianca and Bill as Lucentio discuss Bianca's inability to marry until her older sister has been affianced. Graham, as Petruchio arrives in search of a rich wife and although Katherine played by Lilli, states her inalterable opposition to males, Petruchio agrees to marry her even though she is not the wife of whom he has dreamed. Lilli discovers that her bouquet was intended for Lois, and threatens to leave the show. Her departure is prevented by two gangsters who have come to collect the IOU with Graham's signature. As the first act ends she is raging, both in character and in reality.

Petruchio, although just married to Katherine and beginning his tempestuous wedded life, begins to yearn for his life as a single man. Because of a sudden change in gang administration, the gangsters tear up the now worthless IOU, and Lilli prepares to walk out on the show as Graham muses on his love for her. The gangsters pause to pay a decidedly unusual tribute to Shakespeare. As the revival comes to a close Lilli unexpectedly returns and in Katherine's words expresses her intention of returning to Graham. They are reunited and Lois and Bill reach their own understanding.
